

BAS Cricket 1994

We played eight league matches, one cup match and eight friendly matches this year. We won two of the league matches and tied another by agreement; this put us firmly at the bottom of Division 5 with 8 points, so there should be no chance of promotion next year. Domino will be promoted (18 points) and if the usual pattern is followed so will RGO (15 points); in their place we should once more get the chance to play Gas who finished bottom of Division 4. We did win three friendlies (one of which we couldn't lose, though it was won by 'The Rest') and tied a fourth.
