

List of ships that operated in Antarctica during the 2007/08 season, with call signs and names.

The SCAR and WMO request that all ships operating in Antarctic waters should make meteorological observations and report them on the GTS.

The following ships, which entered Antarctic waters in 2007/2008, made meteorological reports, they may have reported from outside Antarctic waters after the date given here. For most ships the 2007 season begins in November or December. Country is the country of registration. Those that were in Antarctic waters and made observations during the January SMM are indicated by (M). Latest obs in brackets indicate these are outside Antarctica.
